Status: Complete: Sept 2009
Cost: £1.7m / 9.7M AED
Time frame: 13 weeks

Project description

Consult provided Project Management and QS Services for the fit-out of a new Business & First Class Lounge for Emirates Airlines, since the introduction of the new A380 Airbus into Manchester Airport dramatically increased passenger numbers.

A fast track fit-out contract, Consult administered the contract on behalf of an international design team based in Melbourne Australia.

Strict fit-out conditions applied working in conjunction with Manchester Airport Development Authority, both land and airside working conditions.
