

Etihad Airways, Etihad Crew Briefing Centre, Abu Dhabi Airport, UAE

Consult are the Lead consultant for The McLaren Design & Build Project Team.

Ground Floor Plan

Project description

Etihad have appointed McLaren Group and CONSULT to construct a standalone Crew Briefing Centre which will allow Cabin Crew to report to service, check in for flights, receive briefing and depart from a facility specifically designed to fulfil this function and elevate the movement of staff at the existing location.

Client: Etihad Airways
Location: Abu Dhabi Airport
City: Abu Dhabi
Country: UAE
Size: 90,000 sq ft
Status: Operational from July 15
Value: AED 100m
